

CREATIVE LIGHTING

TUÑG
STENE

MADE IN MONTREAL

Founded in 2016, Tungstene Creative Lighting is a Montréal-based studio specializing in the design, production and sale of creative, practical and versatile lighting fixtures.

We offer a wide range of locally crafted “ready-to-customize” products and a tailored design service for your small- or large-scale projects.

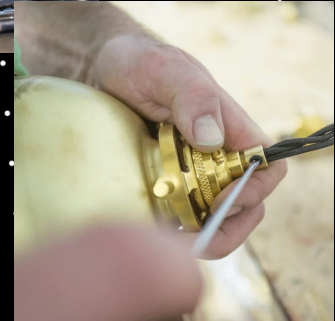

UNIQUE

Each product is handcrafted
to its own design

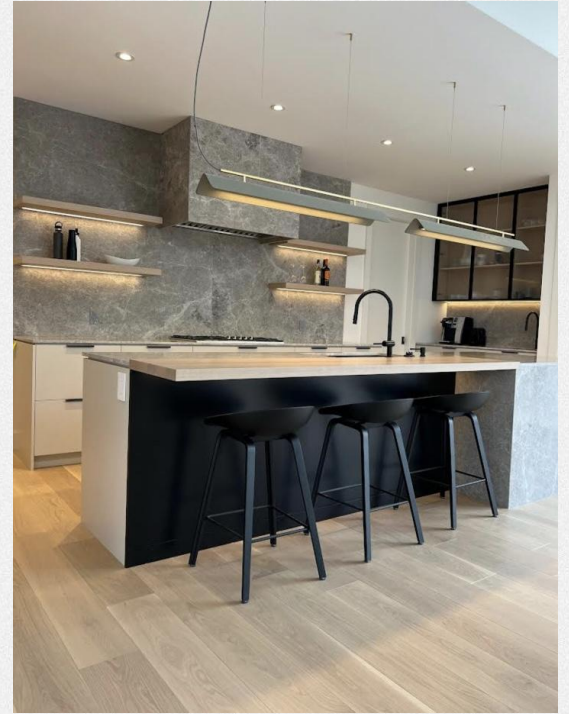

Tungstene is a Montréal-based studio specializing in the design and production of creative and sustainable handcrafted lighting fixtures.

The company offers a wide range of adjustable products, including: ceiling lights, pendant lights, table and floor lamps, goosenecks and wall lamps.

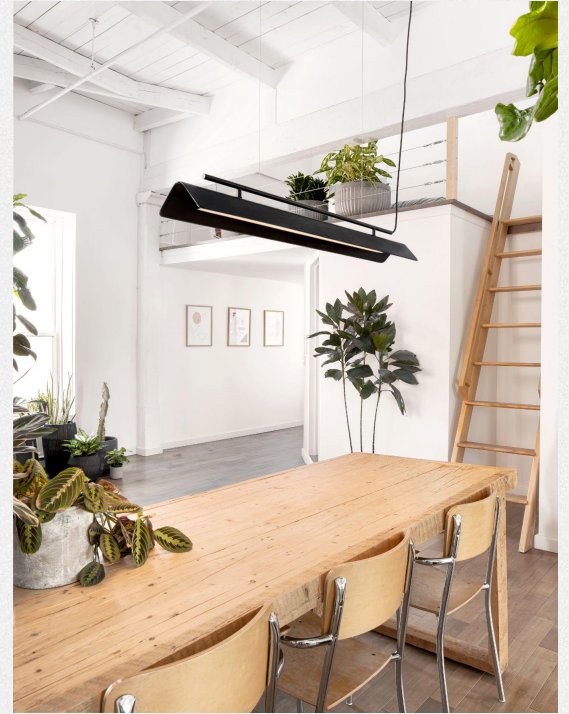

With our custom lighting design service, we can create the perfect lighting to enhance the unique character of any project, large or small.

STRIKING THE PERFECT BALANCE BETWEEN STYLE AND PRACTICALITY .

STUNNING,
